Dear Vicki and Jim,

We are so glad we will be seeing you before long and thanks for calling yesterday. We will meet you at the airport. You are getting in alot of flying and I think it does make a person more relaxed after getting used to it. The trip to Philadelphia sounded so nice. Everything is so interesting back there and it is wonderful that you get around to so many different places.

Mary and Mike will be moving into their apartment August 1st and Mary is anxious to get settled. We have enjoyed having them here and they seemed to like it also. Mary is going to work two days a week in Perkins office, typing and answering the telephone.

I had a party Saturday night and we all had a good time and altho it was hot the two fans kept it comfortable. I really like this hot

weather because I know it isn't going to last.

We are planning the party for Monday night the 16th. I thought maybe I should ask Gill and Carol also.

Sandy is going to give me Beeley's address. I think his folks must have moved because I don't see their address in the telephone book. I wanted to call Mrs. Jewell. Anyway I can get it from Betty Strandberg if Sandy doesn't have it.

We are so glad Dad doesn't have to leave until the 17th for Wash. D.C. The timing is working out perfectly except it is too bad he can't fly back the 18th with you.

Mary and Mike are going up to the cabin this week - and with the young democrats instead of last week. Tonight they are invited out for dinner and then are going to the Carol Channing show.

Morning - 8:30 A.M.

Last night when we went to bed the temperature was still in the 80's so we had to have the fan on all night. I thought of you two having

to sleep like that just about every  
night. It is not very comfortable.

It is beautiful out this morning  
and will be hot again. I am  
going to take Grandma Salokov up  
to Snoqualmie Falls. She is  
visiting and is in her 70's and  
real bent over but Jones Salokov  
works so I try to help out a little.

I'll send you the address tomorrow  
or see you so I can also find out  
the time your plane will come in.

Love,  
Mom.
